Club Update...

Lake Club Members,

On August 14th from 12:30 to 3:30 we will have a kid's Mini Fun Triathlon at the Club with an emphasis on FUN. Kid's ages 4 thru 12 can compete in swimming, running, and biking. The running and biking portion of the event will take place around Lake Club Circle. I encourage everyone to come out to cheer on our younger members at this fun event. Parents sign up your children today.

Mark your calendar for August 19th when the Commodore Room will be open for regular dining and fish fry. We will also have live music in Sam's Bistro. Dockside dining will also be available with a limited menu including fish fry. Please make your reservation early for choice seating times.

The Youth Awards Banquet is on August 28th at 5:00. We will be celebrating the hard work and accomplishments of our younger members who have participated in the Swimming, Sailing, Tennis, and Golf programs this summer. If you would like to contribute photos of your children from the summer activities to include in our presentation please email them to Maddy at olc@clubolc.com. Traveling trophies from last year should also be returned prior to the evening.

We still have a number of 2016 Directories that have not been picked up. Ask the hostess in Dockside on your next visit for a copy.

It's hard to believe how fast this summer has gone. As I write this many of our employees are preparing to return to college and high school. Most of them will be gone in the next week or two. Join me in wishing them well on their academic endeavors and thanking them for their hard work this summer at the Lake Club.
See you at the Club.

Sip for Thought...

2014 was another blockbuster vintage for Cabernet Sauvignon, on par with that of both the 2012 and 2013 vintages. There are many similarities between these vintages, yet each has its own personality. The overall takeaway is that quality remained superior throughout the three year vintage run. For this month's publication, I'd like to highlight a perfect example of the 2014 vintage, Venge Silencieux Cabernet Sauvignon.

IN THE VINEYARD

The heart & soul of this wine is its vineyard sourcing and Venge has stellar locations going into this wine. The diversity of fruit sourcing that created this wine is a testament to Venge's efforts to increase quality across the board with the production of Silencieux. Much like the '12 and '13 vintages, 2014 saw a near perfect growing season providing yields slightly below 2012 and 2013 due to the extended drought, leading to a natural culling and concentration of fruit. Grapes were harvested, beginning on the first day of October and ending on Halloween.

IN THE CELLAR

100% gravity flow was deployed in the production of Silencieux. The fruit was hand-picked and gently processed using Venge's state-of-the-art *Pellenc* sorting and destemming system, producing what can be described as "fruit caviar." The pristine, whole grapes were moved via elevator into a combination of small stainless steel, concrete tank fermenters, and open-top barriques. Time on skin continued 30 days, then the fruit was separated to "free run" and "light press" fractions. The finished wine was aged in 65% new, tight-grained French Oak barrels for 18 months. 100% native, spontaneous yeast and malolactic fermentations were also key ingredients in the making of Silencieux. The gentle use of gravity flow winemaking, whenever possible, is carefully exercised throughout the making of this and every other example within the Venge portfolio. A mere 1,790 cases were produced and the wine was bottled unfiltered.

NOTE

Powerful and full bodied, opening with scents of sweet cassis, anise, blackberries, roasted coffee and vanilla. The tannins are firmer upfront than the 2012 and 2013 with a full mouth-coating lead into a concentrated and lengthy finish. This wine is beyond approachable upon its current release and cellar worthy in proper aging conditions through 2027.
